WE ARE THE SOCO STANDARD!

STRONG LEADERS

We are Strong Leaders,

We demonstrate strength through our resilience, discipline and determination. We embrace challenges, persevere through adversity and maintain a positive mindset. True strength is shown not only in how we compete on the ice, but in how we support our teammates, handle setbacks and grow as individuals every day.

OUTWORK

Who Outwork the competition,

By managing that which we control. We control our mental attitude, we control our work ethic, we control our consistency, and we control our ability to show up each and every day. We are consistent in our approach, resilient when pushed out of our comfort zones, and we strive to out work the person we were yesterday.

CULTURE

Inclusion and commitment are our Culture,

We ensure all our teammates, parents, coaches, and support staff feel valued, safe, and respected. We are committed to supporting each other both on and off the ice. There is only one team in SOCO Hockey Club...and we are all on the same team.

OPPORTUNITY

We show gratitude for every Opportunity,

Through our actions, both on and off the ice, we make it known how thankful we are to play this great sport, be a part of something bigger than ourselves, and give back without expecting anything in return. We recognize the opportunities afforded to us through the sport of hockey and embrace our responsibility to give back to those around us.

Roster Selection

Selection to the SOCO 14U AA roster is based on skill, hockey sense, compete level, character, coachability, and team fit. Participation in tryouts does not guarantee placement on the team.
